

Fostering Support of Children in Foster Care—Arizona Helping Hands

Imagine being separated from the only parent you have ever known and suddenly placed in a relative's home. You arrive on the doorstep confused, dirty and hungry, with only a garbage bag containing a few meager belongings.

Imagine being that aunt, uncle or grandparent who is suddenly placed in charge of a new family.* With more than 50 percent of foster families qualifying for Temporary Assistance for Needy Families (TANF), most are barely making ends meet. This is the life for more than 18,000 children in Arizona living in foster care.

**Today in Arizona, 45 percent of children in foster care are placed with relatives, the remaining are in licensed homes and facilities. Arizona Helping Hands provides for ALL children in foster care throughout Arizona.*

The mission of #STANDUP SOCIETY is to provide basic needs to foster families to help stabilize their home life, enabling foster children to thrive.

Now imagine having a resource that can provide your new family with new beds, cribs, clothing, diapers, hygiene items, back to school supplies, birthday packages, holiday gifts and more.

#STANDUP SOCIETY is an annual giving society of committed friends who make an ongoing pledge to give Arizona's foster children the basic necessities that every human being deserves—clean clothes, food, shelter and most of all...their own bed—often the first safety and security they may have ever known.

AS A MEMBER OF #STANDUP SOCIETY YOU WILL RECEIVE—

- Exclusive invitations to private VIP events including social gatherings, speakers and more.
- Recognition on Arizona Helping Hands Wall of Fame, listing you as a society member, acknowledgement on our website, social media and key collateral material reaching thousands of individuals, community leaders and businesses.
- Opportunities to hear firsthand about the families you are impacting with your gift.
- Updates on the status of those your gift impacts.
